

## New Families to the District Self Registration Kindergarten Registration

This process only *registers* the students and does not *enroll* them. The families still need to contact the district and get the students enrolled in the appropriate school, but they are able to walk in the door with all their registration paperwork already completed.

Parents/Guardians **ARE STILL REQUIRED** to bring in Proof of Residency, Birth Certificate, Immunization records and Parent ID to enroll their child.

The screenshot shows a web form with three tabs: "Staff", "Parent", and "Student". The "Parent" tab is selected. Below the tabs are two input fields: "User Name:" and "Password:". Below the "Password:" field is a large grey arrow pointing to the right, which is positioned over the "Register New Family" button. To the right of the "Register New Family" button is a link that says "Forgot your parent password?". Further to the right is a "Login" button with a checkmark icon.

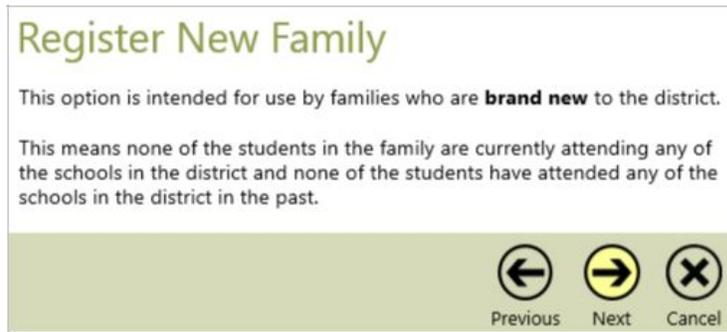

Once the Parent/Guardian clicks on Register New Family, this language box pops up. They will select English and click the Next button

The screenshot shows a dialog box titled "Select Language". It has two radio button options: "English" (which is selected) and "Spanish". At the bottom of the dialog box, there are two circular buttons: a yellow one with a right-pointing arrow and a grey one with a downward-pointing arrow.

On the next screen, another alert comes up telling the Parent/Guardian this is to be used only for those families who are **new** to the district. Meaning, they aren't returning, etc.

The Parent/Guardian will click on Next button

**Register New Family**

This option is intended for use by families who are **brand new** to the district.

This means none of the students in the family are currently attending any of the schools in the district and none of the students have attended any of the schools in the district in the past.
